

# DON'T LET DISTANCE GET BETWEEN YOUR PATIENT AND THE RIGHT LEVEL OF CARE.

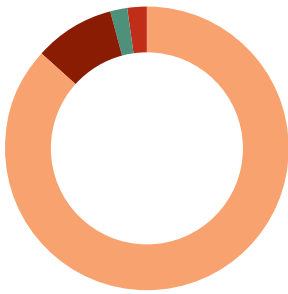

Sometimes, the best long-term rehabilitation option for your client exists several hours away or across state lines. For those who have sustained a brain or spinal cord injury, or other neurological condition, Hope Network Neuro Rehabilitation offers intensive therapy, specialized medical care, and assistance with lodging costs for out-of-town family members.

## TRANSITIONAL REHABILITATION OUTCOMES:

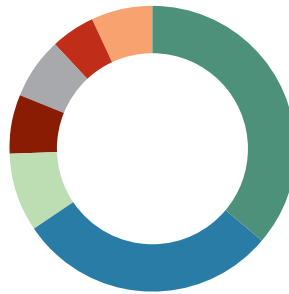

fiscal year 2018\*
